### Re: house project

You leave commentary for yourself in the appropriate columns. If you need to improve a criterion, write down what you can do to make it better. If you exceed the criterion, write down evidence of how you exceeded it. If you meet the minimal requirement and it doesn't necessarily need work, you can simply put a check next to the criterion.

This is in Canvas listed as book 12 writing:

Select any two of the questions listed there and write a paragraph about each for a total of two paragraphs. Please make sure that you use a quote as evidence in each paragraph.

You may also find the full movie on youtube if you would like to watch it - we will be doing that Friday!!

Hi! What are the "Newton's Dark Secrets" questions? I'm trying to get work in that I haven't finished/done and it's one of the last things I need to do and I'm unsure of what it is and/or how to do it. Thank you!

Nope you are good! We are now working on Review packets that I have in Canvas. So if you start working on them, you can email me a few pictures and I give you some participation/classwork points for those!

**Re: quick check**

Hi,

So the only outstanding assignment is the notebook we kept all marking period for TKAMB.

If you would like credit for this to replace the class notes you can do the answers to chapter questions that are not already documented as a singular grade.

Let me know if you need clarification.

Take care,  
SH
